Advanced Nutritional Programs

I acknowledge that the staff members at Queen's Health Center II (QHC II) are not medical doctors. I understand that the staff members provide nutritional and other health-related information to help me attain and maintain optimal health, and they will help determine which nutrients I need to improve my health. I understand that all recommendations are designed to help me move towards my best state of health through personal recommendations in lifestyle, exercise, healthy habits and advanced nutrition. Furthermore, I understand that all therapies should be done in conjunction with a health care provider of my own choosing. Finally, I understand that the staff members of QHC II do not diagnose, treat or claim to cure any disease.

Follow-Up Questions

After your consultation, if you have a brief question about your program, you may fax or call-in your question to the consultant with whom you have had an appointment. Please be very clear by providing your full name, telephone number, and a brief question. A staff member will contact you at the earliest possible time. (Please allow at least 72 hours for reply.) If, however, you have a lengthy question or several questions, please read the section regarding telephone consultations.

Telephone consultations

The QHC II team provides telephone consultations to clients outside the state and outside the country. The consultations can be done either over the telephone or Skype. Consultation fees are the same as in person appointments. In addition if after your appointment you have more than three (3) questions and/or would like to speak personally to the consultant, please call to schedule a telephone appointment. The Nutritional Consultant will then answer your questions during the scheduled time.
